Zimbabwe has been trying to mobilize resources to respond in the best way possible to the devastating social and economic effects of coronavirus. The Zimbabwe COVID-19 Resource Tracker is a civil society initiative by ZIMCODD to keep track of all resources pledged, received, and utilized by the government of Zimbabwe in the COVID-19 response. ZIMCODD notes with concern that accountability for these resources is equally important as the resources themselves.

This tracker has been developed to strengthen transparency and accountability by the government on COVID-19 resources while empowering citizens with information to hold the government to account on allocation and utilization of COVID-19 resources. The tracker is updated on a weekly basis to show pledges honoured, resources received and resources expended.

**GOVERNMENT OF ZIMBABWE**

- **Treasury**: US$48,172,000.00 (99%)
- **Social Safety Fund**: US$4,000,000.00 (20.8%)
- **Disaster Fund**: US$6,185,000.00
- **ZimFund**: US$1,087,000.00 (100%)

**EMBASSIES**

- **Chinese Embassy**: US$500,000.00 (100%)
- **Swedish Embassy**: US$25,000.00 (100%)

- **World Bank**: US$7,600,000.00 (32.4%)
- **Chinese Foundation**: US$8,000,000.00 (70%)

Note: Projected Need was calculated using ZIMCODD financial modelling.

### Major Concerns

- The underfunding of the health sector characterised by limited COVID-19 testing capacity, shortage of PPEs under resourced quarantine centres, the ongoing strikes by demotivated health professionals, frontline workers and the majority of the citizens remain exposed to the risk of contracting the novel virus.

- Customers are also deeply concerned about the increase in local COVID-19 infections for both frontline workers and citizens in general as they fend for their families and go out in search of clean and safe water as the socio-economic situation continue to deteriorate.

- The lack of integrity, transparency and accountability in COVID-19 resource allocation and expenditure in both central and local government level is very worrying as it is intricately linked to systemic corruption which seem to thrive in disaster contexts.

- Public resource leakages and looting by political elites who abuse public of these resources of the citizens who shoulder the burden of taxation and yet are deprived of social safety nets particularly in the wake of COVID-19 induced poverty.

- Criminalisation of anti-corruption whistle-blowers has remained a key issue of concern which interfere with citizens' oversight role of safeguarding public resources including COVID-19 funds.

- Regularly publish online and in print media the COVID-19 funds received from all sources including a clear breakdown of allocations and disbursements.

### Recommendations to the Government

- Prioritise and disburse COVID-19 earmarked resources to resuscitate and reform the health service delivery system to address the capacity, equipment and infrastructure gaps in the health sector.

- Decisively deal with corruption, go beyond the rhetoric and enact the various commitment pledges the Executive has made towards a zero tolerance to corruption environment.

- Regularly publish online and in print media the COVID-19 funds received from all sources including a clear breakdown of allocations and disbursements.

---

### Other Concerns

- The undeunding of the health sector characterised by limited COVID-19 testing capacity, shortage of PPEs, under resourced quarantine centres, the ongoing strikes by demotivated health professionals, frontline workers and the majority of the citizens remain exposed to the risk of contracting the novel virus.
