

COVID-19 RESOURCE TRACKER

OVERVIEW

Zimbabwe has been mobilising resources to respond to the devastating socio-economic effects of the coronavirus. The Zimbabwe COVID-19 Resource Tracker is a civil society initiative by ZIMCODD to keep track of all resources pledged, received and utilised by Government.

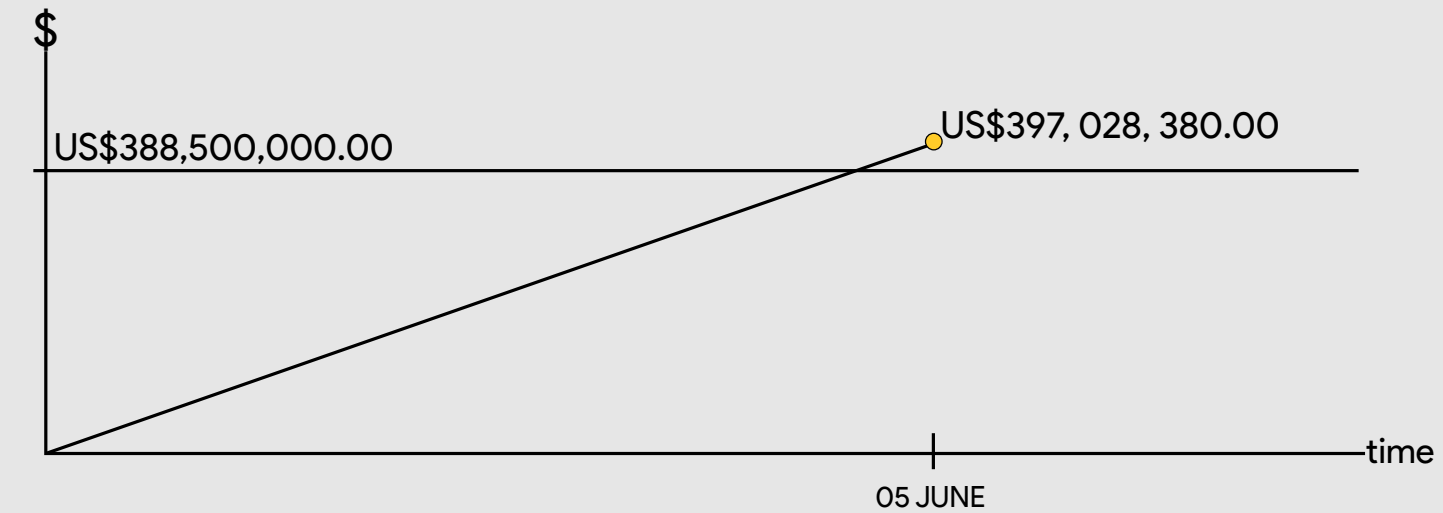

ZIMCODD notes with concern that accountability for these resources is equally important as the resources themselves. This tracker, which is updated weekly, empowers citizens with information to hold Government to account on allocation and utilisation of COVID-19 resources.
